

COSC3331 Human-Computer Interaction

(Assignment 4)

Submit your assignment through blackboard on Apr 18, 2020.

1. In the "Hello, Views" exercises at:

http://ftp.gunadarma.ac.id/android/sdk/sdk_310712/docs/resources/tutorials/views/index.html

Complete:

Form Stuff

Spinner

Auto Complete

It's simple but it's a good orientation to Android Views.

2. Localization

Step 1. Read about localization at:

http://ftp.gunadarma.ac.id/android/sdk/sdk_310712/docs/guide/topics/resources/localization.html

Step 2. Complete the "Hello Localization" tutorial at:

http://ftp.gunadarma.ac.id/android/sdk/sdk_310712/docs/resources/tutorials/localization/index.html

How to turn your work in:

Capture the screen of your application running results, submit to blackboard.

Following this naming convention for all your applications:
"YourfirstnameLastnameProjectname". For example, for project "Localization", I need to name the application name as "BingZhouHelloLocalization".
